

## **CONFLICT MATERIALS POLICY STATEMENT**

WS2 Coatings Ltd is following all relevant regulatory obligations and is committed to offer its customers a service with the highest level of professional and ethical standards.

To achieve this, we have developed processes and measures to ensure that its supply chain is free of conflict materials that are directly or indirectly financing or benefitting armed groups in the Democratic Republic of the Congo or an adjoining country.

By implementing these processes and measures WS2 Coatings Ltd can demonstrate due diligence in our commitment to source materials from ethically, environmentally and socially responsible suppliers, and to ensure these suppliers are compliant with our expectations.

This policy is maintained as documented information it is available to all interested parties and to all persons working under the control of WS2 Coatings Ltd.
